

This **Al Nasr Contracting Company L.L.C.** Environment Policy Statement has been developed to define the general objectives of the organization and the arrangements for the effective implementation of its Environment Management System.

Al Nasr Contracting Company L.L.C. is committed to:

- Establish and maintain an appropriate Environment Management System which conforms to the requirements of the ISO 14001 standard and provides a framework for setting and reviewing environmental control measures, targets and objectives
- Comply with all relevant legislation, standards, codes of practice and other requirements to which the company subscribes
- Continually improve the effectiveness of the Environment Management System
- Strive to make efficient use of energy and materials, including substitution for renewable resources wherever practicable
- Ensure that all associated residual waste materials are disposed of in a responsible manner and to promote the recycling of materials and the use of recycled materials
- Protect the environment by reducing harmful emissions and the prevention of pollution wherever possible
- Incorporate environmental issues into the company training program and encourage sound environmental practices by all persons engaged in its operations
- Strive to operate in a socially responsible manner towards the environment applying the concepts of sustainable development where reasonably practicable
- Ensure that this policy is brought to the attention of all employees and is made available to other interested parties on request, including the general public
- Ensure objectives and targets are measured and implemented as per the requirements of the Environment Management System

This policy shall be regularly reviewed to ensure its continued suitability to the organization.

SAMI SIDAWI
Chairman
